

# Customer Reward of Ambit Energy

---

## Fabulous Welcome Gift

When you become an Ambit customer, you'll receive a Welcome Gift just for enrolling. Right now, that gift is a travel voucher good for a FREE 3-Day/2-Night stay for two at a 3-Star hotel at one of 25 exciting destinations nationwide.

## Earn Free Energy!

When you refer a minimum of 15 paying customers, you'll receive a credit\* on your Ambit Energy bill equal to the average amount of their payments. And that's not just for one month, either.

That credit applies every month as long as you maintain a minimum of 15 referred customers who pay their bills. If the average of your referred customers' monthly payments is equal to, or more than, your energy usage for the month, you pay nothing for your energy! Nada!

## Travel Rewards

At Ambit, we love to travel. That's why we've created our Travel Rewards program for you. Just for being a customer, or referring customers, you can land a voucher for free airfare, a Caribbean cruise, or even a golf getaway. There are two ways to earn free travel:

1. First, you can earn Rewards Points each month just by being a customer. For every kWh of electricity you use, you'll get 1 Rewards Point. For every therm of natural gas you use, 10 Rewards Points will come your way each month. Those points can be redeemed for incredible travel packages, like a cruise to the Bahamas or an all-inclusive Mexican getaway. That's not just a trip to visit the largest ball of twine. (Our apologies to the folks in Darwin, MN and Cawker City, KS. We couldn't find cruises to those exotic locales.) About now, you're thinking that it takes a zillion points to get a free trip. Well, we've decided to keep you optimistic and start you off with 2,000 Bonus Rewards Points toward your first travel package.

2. When you start referring customers, the rewards start coming your way. Refer just five customers and we'll send you on vacation. You'll get a choice of any package that's 45,000 points or less like airfare for two or a cruise. It's that simple. Of course, when you've referred 15 customers, that's when the free energy kicks in.

So, in addition to great savings on your energy bill, you can also enjoy a vacation on us - for being a loyal customer and referring others! To be up front, there may be some fine print on the travel. Some of the vouchers may have restrictions or requirements, but that's like any travel operator. Anyhow, we'll keep you posted on those.
